## Data Sheet Magnetic Labels

### Product description

#### Application

Blank labels with a magnetic back.

These magnetic labels are compatible with every metallic surface.

The labels are writable with ballpoint pens and permanent/whiteboard markers.

Due to the magnetic back, this label's function is extremely flexible.

This label is perfect in circumstances where regular adhesives fail, such as in cooling or freezing cells.

#### Dimensions

Default dimensions:

Height: 15, 20, 25, 30, 35, 40, 50 mm

Length: 60, 80, 100, 120, 140 mm or 10 m reels.

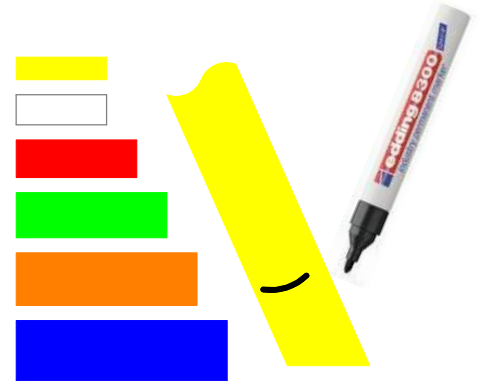

Pre-cut labels are packaged per 100. The 10 m reels are packaged per piece.

Additional dimensions are available on request.
