

## Data Sheet Scan Signs Wall Mount

### Product description

#### Application

The signs are hardy, steel based, and surrounded by a plastic protective edge.

Included with the signs are coding in magnetic letters/numbers and a Long-Distance Loka with a barcode on the angled surface.

The default contains 2 holes for adequate and efficient mounting.

This product is used above or behind floor locations. Long-range scanning is possible due to the dimensions and materials used.

#### Dimensions

Default dimensions and max. code length:

Sign Dimension	Max. no. of positions	Character height	Reading distance	Label Dimension	Weight
200 x 200 mm	4	60 mm	12 m	35 x 175 mm	0.40 kg
